Dear CUSTOMER

First of all, we would like to thank you for your interest in cooperating with us in the field of auditing and consulting services and for allowing us to introduce our company's activities.

We've been in the financial services industry since 2007, with a new look and technology. Our team comprises approximately 35-40 creative young people with titles such as professional and Mongolian Certified Public Accountants, Certified Tax Accountants, Auditors, Appraisers, Software Engineers, Financial Instructors, and others with advanced technological skills.

Five reasons to use Magic Consulting Audit LLC's audit services:

Nº	Brief	Comment
1.	TOP-15	We have been ranked to be one of "Mongolia's Top-20 Auditing Companies" continuously since 2015
2.	Featured Audit Firm	Successfully developed the audit program and increased the value for not only auditors but also audit clients, and was named the Institute of Certified Public Accountants of Mongolia's Featured Audit Company of 2022.
3.	Database of knowledge	We established a Knowledge Fund to address businesses' risks in their financial operations. We aim to provide audit recommendations appropriate for each client's financial and non-profit activities as quickly as possible.
4.	Reports in electronic format	We use a risk-based audit procedure appropriate for our client's operations. In light of the current situation, we have implemented environmentally friendly green technology into our operations and an electronic archive and reporting system.
5.	Software for auditing	We use the software we created to make Magic's audit process efficient and short of time.

We are confident that we will perform the audit and consulting services only after following the specifics of your organization's activities and adhering to professional ethics and quality in accordance with International Auditing Standards.

Please contact us to discuss our audit and consulting service quotes, audit team member selection, independence, and services.

INFORMATION OF AUDIT AND CONSULTING SERVICES

The Institute of Certified Public Accountants of Mongolia compiles and ranks the financial statements of companies licensed to conduct auditing activities annually. In 2021, it was ranked 10th, and its scope of activities is expanding yearly.

Audit of financial statements

Investors, stakeholders, and users of financial information who have doubts about the data presented in the entity's financial statements are required to provide a final assurance that the information is accurate.

Making the right choice of organization, team skills, and expertise to evaluate and certify the financial statements will provide the basis for you to look at your expectations, exceed your expectations and develop a plan for the future.

Consulting service

Much depends on whether your business changes, innovates, or implements appropriate advice to reinforce its current situation. Your business has direct and indirect advantages and disadvantages, such as new and updated Financial Reporting Standards, laws, and regulations.

Our professional consulting team will advise you on how to best use the strengths and weaknesses that affect your business based on your practice and experience.

INFORMATION OF TAX CONSULTANCY SERVICES

Tax and social security risks are among business organizations' most significant future risks. As a result, you will be responsible for the following:

- Preparing tax and social insurance reports and monitoring them;
- Conducting internal audits; and
- Representing the client in the tax and social insurance institutions.

Our professional team provides all-inclusive services that address such concerns.

Specialized tax consulting services

According to Article 3.1.1 of the Law on Specialized Tax Consulting Services, "specialized tax consulting services are professional consulting services aimed at fulfilling the client's tax obligations and protecting his or her legal interests."

By receiving the service, the client gains the right to seek compensation from the legal entity for damages caused by the wrongful actions of the tax-trusted legal entity. We offer the following services:

- Tax report calculation, adjustment, and report preparation;
- Oversight and advice on organizational financial and tax reporting;
- Preparing for tax and social security audits, as well as risk assessment;
- Working with tax, social insurance, and treasury departments on behalf of taxpayers;
- Provide professional legal advice to clients regarding the implementation of tax legislation;

Accounting service outsourcing

Outsourcing services is how businesses outsource their financial records to accounting professionals and firms. We offer the following services:

- Prepare financial and tax reports;
- Electronic verification of issued statements;
- Consultancy by international accounting standards;
- Organize primary documents according to standards;

Service Advantage

Customer tax audits reduce the risk of fines and acts.

1. Has financial and tax software and will use it for the contract.
2. Have internal operating standards and control systems in place.
3. Hold annual client business meetings and report on work completed.
4. Based on our experience, we build a knowledge base and work with our customers to provide recommendations and advice on problems and potential risks.
5. Arranges courses to improve clients' financial knowledge.
