Audit & Assurance

"Every decision should be based on reliable information"

We provide an independent auditor's opinion of your financial statements, ensuring that each business decision is backed by accurate and trustworthy information

## Financial Software Services

#### "Simplify technology, empower growth"

MagicFinance is financial and tax reporting software developed continuously since 2007, designed specifically for small and medium-sized enterprises.

The system checks whether your reports are accurate and, if errors are found, clearly identifies where and what went wrong—ensuring transparency and precision in every submission.

### Accounting Training Service

#### "Learn from the best. Teach others to be their best"

Practical training for professionals, entrepreneurs, and aspiring accountants. Since 2007, we have consistently delivered training programs, conducting over 1,800 classes and equipping approximately 18,000 learners with practical skills. Our team brings extensive experience and proven expertise in education.

Tax Advisory Services

"Your finance, our responsibility"

We manage your financial records with precision and professionalism, so you can focus on what matters most.

"Confident steps in a complex tax landscape"

We provide expert guidance tailored to both national and international tax regulations, helping you minimize risk and make informed decisions.

### OUR KEY STRENGTHS

**INTERNATIONAL RELATIONS** 

WE ARE GLOBAL MEMBER FIRM OF PRIMEGLOBAL

PrimeGlobal is an award-winning association of independent accounting and business advisory firms comprising over 300 highly successful independent member firms with a combined annual revenue of US\$6.4 billion. PrimeGlobal's independent member firms house a combined total of more than 3,900 partners and 54,000 employees. With over 1,200 locations in 120 countries, PrimeGlobal is firmly established as the top association worldwide in terms of diverse reach and geographically widespread coverage

#### MCKNOWLEDGE BASE

For firms delivering comprehensive accounting and financial services, it is essential that their service quality must be consistent, efficient, and standardized. To meet this demand, we have developed an internal Knowledge Base built upon our accumulated experience, legal frameworks, international financial reporting standards, and international auditing standards.

Currently, our Knowledge Base includes:

- Over 550 key accounting and audit issues
- More than 350 potential risks arising from those issues
- A collection of 1,100+ mitigation recommendations

By continuously enriching and applying this resource, we ensure that clients receive timely, relevant, and standardized guidance and recommendations—delivered with speed and precision.

eMagic is an internally developed digital audit platform by Magic Consulting Audit LLC, built on Microsoft Dynamics 365. It is an automated system designed to facilitate secure and efficient communication and data exchange between clients and auditors. The platform ensures that client information is received and processed quickly and safely, streamlining the audit workflow through digital integration.
